Registered educational firm imparting training in Healthcare BPO domain. Azimuth Academy is also a GST Registered firm under Puducherry region.***

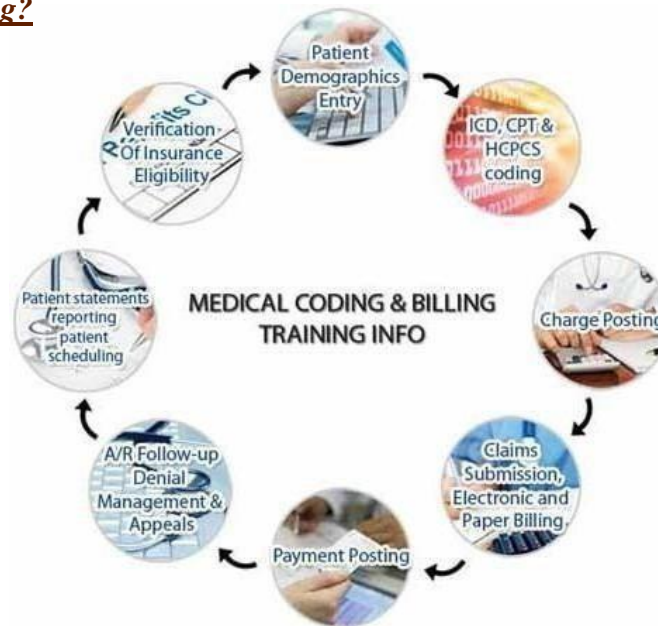

सत्यमेव जयते

Government of Puducherry

Our Medical Billing & Coding Program adheres to the AAPC (American Association Of Professional Coders) international standards. [www.azimuthacademy.com](http://www.azimuthacademy.com), an online training & placement portal, was launched in the year 1999 to facilitate online skill development and home based placement for aspiring candidates.

### **What is Medical Coding?**

Medical Coding is the process of assigning of predefined codes to diagnoses, symptoms, procedures, and drugs in a patient's medical report. The job of coders is to assess and accurately code the data in a patient's chart. Coding broadly involves the conversion of:

- Diagnostic codes to ICD-10 (from October 2014) codes
- Procedure codes to CPT (Current Procedural Terminology) codes
- Drugs and supplies to HCPCS (Healthcare Common Procedure Coding) codes

**What is Medical Billing?**

Medical billing is the process of submitting and following up on claims with health insurance companies in order to receive payment for services rendered by a healthcare provider. The same process is used for most insurance companies, whether they are private companies or government sponsored programs.

**Medical Coding & CPC Training and Certification:**

Medical coders are usually selected from life science graduation background; however, few companies across India employ non life science graduates also. CPC certification can be helpful in getting promotion, jobs in US/ Gulf region, & also for professional credentials purpose.

*Azimuth Academy has trained and placed more than 500+ candidates in companies like:*

**Career and Salaries in Medical Coding & Billing:**

The average earning capacity of a certified professional coder & biller in India is in the range of INR 18000 to INR 22000 per month. More experienced coders can earn around INR 30000 or more per month. The remuneration for such roles increases dramatically after completion of the CPC, (Certified Professional Coder) the industry-recognized certification course. Obviously it is a great time to get into most any healthcare career, but it is a particularly exciting time for medical coders.

**Course Training:**

Training can be availed online and training duration is 1 month. The online training classes require no special software or hardware. You can study on your own time without the hassles of commuting to work, arranging your work schedule or finding childcare and in the end earn a Certificate of Course Completion.

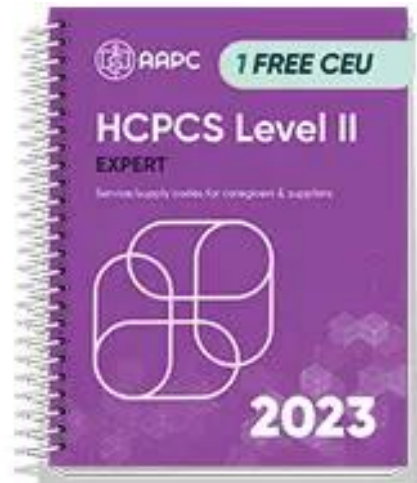

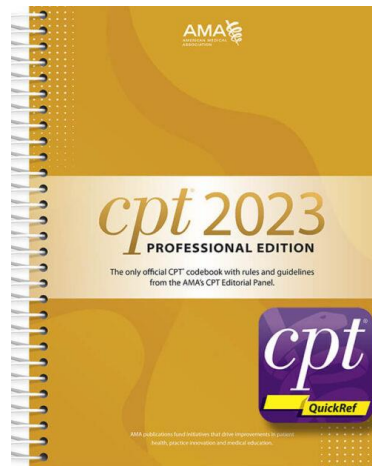

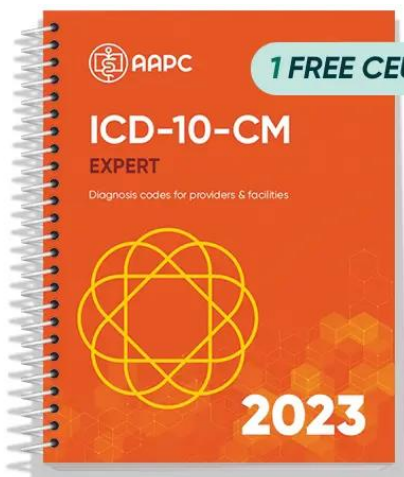

The trainers also conduct regularly scheduled Google Meet, Zoom Classes, or WhatsApp aided sessions with candidates around the globe. This wide exposure, coupled with our expert guidance, provides the learner with adequate training that stands him/her in good stead while handling live work.

In on campus, we provide classroom sessions with open book based Medical Coding training with intensive mock exams and providing up-to-date AAPC question banks. We also provide

CPC study guide along with Medical Coders Guide to passing the ICD-10 CPC, CCS-P, RMC and FIC Board Exams.

Course Coverage Also Includes:

- CPT Coding Guidelines with Examples
- More than 2000 Questions with Answers
- 500 Scenarios with Rationales
- CPC Exam Strategy Medical Terminology
